Update on Aboriginal Housing Strategy

The South Australian Government is committed to working with the South Australian Aboriginal Community and partner organisations and to develop an Aboriginal Housing Strategy, to improve housing outcomes for Aboriginal people across the state.

This work has reached an important milestone, with the release of a tender to select an organisation to coordinate engagement around the new strategy.

Engagement will be critical to a successful strategy. It is vital that the voices of Aboriginal people and communities across the state are captured and considered as the new strategy is developed.

A select tender to identify an Aboriginal Business Enterprise (ABE) to coordinate this engagement was released earlier this week. It is hoped that this tender process will be finalised shortly with the successful organisation announced in April. The successful organisation will work closely with SA Housing Authority staff and members of the Aboriginal Advisory Committee to plan and undertake the state-wide engagement on the new strategy.

We will continue to provide you with updates about the strategy, including opportunities to get involved, in coming months. In the meantime, if you need further information about the strategy please contact Glen Michels at glen.michels@sa.gov.au or 0459 853 348.

Thankyou again for your ongoing interest and commitment to improving housing outcomes for Aboriginal people across South Australia.

Shona Reid
Chair, Aboriginal Advisory Committee
