*Where a client's housing situation contains selections from both the 'homeless' and 'not homeless' categories, it may be classed as 'contradictory'. Due to the large number of possible combinations, a small number of housing situations may not fit neatly into the categories above.

**Definitions for all of the items above can be found in the [AIHW Specialist Homelessness Services Collection Manual](#). If you are still unable to determine how to record a clients housing situation, and need guidance, please contact HousingH2H@sa.gov.au
